## A SCAR SAYS, "I'VE BEEN HEALED AND THIS IS MY STORY!"

*Scar Tissue* tells Danny Covey's story of surviving eight heart surgeries and nearly dying on the operating table three times.

Despite being told he would never physically excel, Danny—through blood, sweat, and tears—fulfilled an unimaginable childhood dream.

His story is a journey of faith, healing, and above all, hope.

Written with striking vulnerability, *Scar Tissue* isn't just about enduring suffering—it's a survival guide for anyone who has been through trauma and wondered if they would ever feel whole again.
